COUNCIL PROCEEDINGS.

New Telephone Franchise Asked for—Routine Business.

Last night was the regular meeting of the city council. Mayor Shields presided and all the councilmen answered to roll call but Hoskin, who is out of the city. The clerk read the minutes of last meeting which were approved by the council.

Under the call of standing committees the committee on accounts and claims reported in favor of allowing the bill of Seymour Democrat for \$126.39. So ordered.

The fire chief reported three vacancies in the fire department and recommended Rudolph Buhner, John Higgins and Gus Emory to the vacancies. Recommendations concurred in.

The grade committee reported a proposition from W. F. Pfaffenberger to furnish a dumping ground for street sweepings north of the B. & O. S. W. railroad for the sum of \$2.00 per month. A similar proposition was presented from A. D. Shields to furnish a dumping ground for street sweepings south of the B. & O. S. W. The propositions were accepted by the council.

The city attorneys reported that he had made an examination of the city plat and found that the plat does not show an alley across the Southern Indiana right-of-way between Ewing and Broadway and that the railroad could not be required to put in a crossing there. There is an alley west of Ewing street and that he had communicated with the railroad's attorney and he was authorized to state that the crossing would be put in soon. Report of attorney approved.

The report of the city treasurer was referred to the finance committee. The report was for July, August, September, October and November and showed the following:

The bill of Seymour Republican for printing and publishing notices for the city was referred to committee on claims.

Huber introduced an ordinance to grant to James Marsh, Allen Swope and Thomas Jones the right and franchise to erect, maintain and operate a telephone system within the city of Seymour for a period of 25 years. The ordinance was read and referred to a committee consisting of the whole council, the committee to meet at the call of the mayor.

Under the head of miscellaneous business the street commissioner was given enough work to keep him busy until the council meets again. Most every councilman had some street work, foot crossings to repair, gutters to clean out, or similar work he wanted done, all of which was referred to the street commissioner. Council adjourned at 10:08.

BUSINESS NOTES.

A. J. Sturgis was here today from Jeffersonville on business with our lumber dealers.

J. I. Weeks went to Osgood today to look after timber for the Union City Lumber Company.

Dr. S. W. Shields and several others came up from Brownstown last evening to attend the K of P. meeting.

Sherman Perry, the stock buyer and shipper, sent a car load of stock to the Indianapolis market Tuesday night.

W. O. Hughart, of Grand Rapids, Michigan, secretary of the Union City Lumber Company, spent last night here with J. I. Weeks.

RAILROAD RUMBLINGS.

Engineer John H. Goode, of the Panhandle, was in town today.

Engineer M. Stubblefield and wife came in from Lawrenceburg today to visit relatives and friends.

George Carnes, formerly a B. & O. S. W. brakeman at Washington, was injured so seriously several days ago that his death resulted at Indianapolis. He was employed on the Big Four railroad and was with his train at Lynn, a small station east of Indianapolis. The train had stopped and he was walking past a coal car on the track when a lump of coal weighing 117 pounds fell from the car, striking him on the head above the right eye.

Milan Postmaster Dead.

Verailles, Ind., Dec. 11.—A telegram was received here yesterday stating that Dr. T. R. Veazy, Postmaster at Milan, in this county, had died last night in a sanitarium near Pittsburgh, Pa., where he was conveyed by a brother a few weeks ago. The doctor came to Milan from Charlestown, Ind., in 1894. He leaves a widow.

The deceased was a brother of Dr. A. M. Veazy, of Medora, and had many friends in this county.

What's in a Name?

Everything is in a name when it comes to Witch Hazel Salve. E. C. Witt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for Piles. For Blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Pellen's drug store. Peter's drug store.

Found for Plaintiff.

Special Judge W. T. Branaman decided the case of Daggy vs Wells, venue from Lawrence county, in favor of the plaintiff today.

Homer Hawes, the fireman who was recently injured in the Pennsylvania wreck at the Indianapolis belt crossing, was the victim of another accident Wednesday at Columbus. He was at work in the yards, and fell against the coal gate of the fire box, the result being three fractured ribs. His injuries will keep him from work for several weeks. He was taken to his boarding house in Jeffersonville.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Water-brash, Stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c at W. F. Peter Drug Co.

POLITICIANS SURPRISED

Civic Movement in Indianapolis plays much strength. Indianapolis, Dec. 12.—George Edwin Hunt, secretary of the Citizens' League, which hopes to enable the city and county to get clean, competent men for office, is getting some odd replies to the circulars sent out asking co-operation in the movement. The number that has joined has astonished the politicians, who are beginning to believe that after all the league may exercise an influence. But many of the people who have replied have asked that the league take up the question of suppressing gambling, of cleaning the streets, of making improvements here and there, of bringing about track elevation and half a hundred other matters of municipal importance. In other words, many have conceived the idea that the purpose of the league is to push some reform or to correct some evil in the government. The object instead, Mr. Hunt says, is to help select men who will govern the city in an honest and judicious way. It will not take up any fight except on behalf of the city and county as a whole. There have been rumors that the league might bring out an independent candidate for mayor or if the old parties did not nominate men to suit it, but this is denied.

PRESENTS MADE AT HOME

To Please the Minister.

Good church people like to remember their clergyman. Something to beautify the church is certain to please the good man. Most churches boasting of stained glass windows are somber. To dispel a little of this gloomy aspect, especially in some of the side chapels, embroidered panels, partly wrought with beads, are sometimes inserted as frontals to altars. In some cases the ground of the panel entirely disappears under sparkling beads, depicting large, radiant flowers in their bright colors and well thrown off by a wavy background of white tubular beads arranged in such a way as to best catch the few rays of the dim light which filters through the stained glass, with which the beads well harmonize. On other specimens the blossoms are either worked in silky cross stitch or the beautifully shaded crewel stitch, embroidered, so to speak, amid a glittering background. Still a third model shows a bold arabesque, surrounded by graceful scrolls and tendrils executed with snowy white pearls of various sizes, with an occasional setting of gold thread. This pleasing raised work is properly warmed up by the discreet glow of the rich brocade foundation of a sunny yellow hue. Again the straight valance drooping round the day covers of altar cloths, occasionally in white silk, shines, too, at times, with trails and garlands in white crystal beads and even flowers faithfully imitated in colored beads threaded on wire well relieve extra dark nooks and corners and are almost damp proof, doing duty where the real plant would not only be passed unnoticed, but could not live.

Recalls the Past.

Jas. D. Thompson is fifty-eight years old today and this anniversary calls to his mind some past experiences. Thirty-eight years ago today Mr. Thompson was with General Kilpatrick in the south. That day he crossed both the Little and Big Ogeechee rivers with the army and on the 13th Fort McAllister was taken. This opened up communication between Sherman's army and the fleet. This period concerns a very important period of the civil war in which Mr. Thompson participated. He is familiar with the movements of the armies and can talk for hours about them. Mr. Thompson says that thirty-seven years ago today he was home from the war and was nailing shingles on the woolen mill.

Caution.

This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world.

THICKSTEN'S MEAT MARKET.

Burned Out Thursday Night.—Probably Set on Fire

The interior of Abe Thicksten's meat market on south Walnut street was burned out late Thursday night. The fire was discovered between one and two o'clock. The alarm was sounded and the fire department was soon on hand. The firemen fought the fire successfully and in a little while had it extinguished. The fire was confined to the front room used as a meat market and the one next to it.

The loss on the building, which is owned by Mrs. Will Cameron, is estimated from \$500 to \$600. The building is insured for \$2,000.

The loss to Mr. Thicksten on stock and fixtures will probably be from \$150 to \$200. His insurance was \$500, which is quite fortunate for Mr. Thicksten who bought the shop and began business only a few days ago.

The origin of the fire is not known, but it is the general belief of those first on the ground that it was kindled by some incendiary.

KNIGHTS OF PYTHIAS

District Meeting was Very Successful

Hermion Lodge No. 44, K. of P. acquitted herself with great credit at the district meeting here Friday afternoon and evening. The visiting Knights were warmly welcomed and shown all the courtesy possible while in the city. And besides, the work of the lodge in conferring the rank of Page on a candidate Thursday night was remarkably well done. The grand lodge officers present bear testimony of the quality of the work by saying that they never saw the work done better.

There was a large attendance, probably as large or larger, than any similar meeting in the district. Much credit is due to Maj. George Peter, D. D. G. C. and the local committees for the success of the district meeting. Every lodge in the district but one was represented.

The grand lodge officers left Friday morning for Jeffersonville to attend another district meeting.

The Vitalized Rib.

Rev. W. C. Martin gave an entertaining parlor lecture last evening at the home of Mrs. Jerry Anderson on south Chestnut street on "The Vitalized Rib." Beginning with a beautifully worded picture of man's loneliness in the garden of Eden and the creation of the woman from the rib taken from Adam's side, the speaker discussed the various conditions of womanhood as girl, young woman, wife and mother, not forgetting the spinster and the widow. It was an interesting discussion of truths that bear frequent repetition. There was a good attendance and the address was listened to with close attention.

When once liberated within your system it produces a most wonderful effect. It's worth one's last dollar to feel the pleasure of life that comes by taking Rocky Mountain Tea. W. F. Peter Drug Co.

Deafness Cannot be Cured.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; noises cease out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circulars free.

TRACK LAYING MACHINE

Rails and Ties are Fed Into It—
Working on C. R. & M.

The Cincinnati, Muncie & Richmond railroad company is using a track-laying device between Cottage Grove and Cincinnati, and the big, black, puffing monster has been the source of much interest among the farmers along the route.

Rails and ties are both fed into the machine from the top of the flat car, and they are carried forward and laid down upon the grade. The ties are quickly bolted together by workman and the car moves forward over the stretch of track as quickly as the rails are down. Nearly two miles of track can be laid in twelve hours, and during this season of the year, when the days are short, more than a mile is put down in eight hours' time.

The Christmas National.

The Christmas National comprises one hundred and fifty pages of the brightest and most entertaining text and picture. Admiral Dewey, Secretary Shaw, John Mitchell, Ernest McGaffey, and John Bates Clark contribute pithy "sentiments for the Christmas season." The Admiral's letter is reproduced in facsimile. There are short stories by ten American writers. Joe Mitchell Chapple discusses Affairs at Washington, illustrated with dozens of new snapshot pictures and portraits of celebrities. Frank Putnam in Note and Comment chats about the intellectual activities of American women. Poulney Bigelow gives us a glimpse of The French Family Point of View. John Bates Clark analyzes compulsory arbitration, and defines its limits. S. Glen Andrus, in The Miracle of the Batopilas Mines, tells how the late "Boss" Shepherd, after his exile from Washington, took millions out of Mexican silver mines. Caroline S. Mahoney introduces three great grand-mothers who are actively engaged in Atlanta journalism. Byrd Prillerman tells how Booker T. Washington is regarded among his old time neighbors in West Virginia. All in all, the largest and best number the National has ever published.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures Coughs, Colds, LaGrippe, Bronchitis, Pneumonia and all Throat and Lung troubles. One minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. Pellen's drug store. Peter's drug store.

According to Weather Prophet Hicks we ought to be in the middle of a cold wave, which was scheduled to arrive on the 9th and continue until the 12th. There is, according to this prophet, to be a storm period from the 12th to the 17th, accompanied by a decided blizzard about the 15th. In fact the remainder of the month is to be a general mixup of bad weather—rain, snow, slush and cold—except Christmas day, which Hicks says is to be fair.
